***Examiner's Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

Referring to claim 1, the prior art searched and of record neither anticipates nor suggests in the claimed combinations, setting the size of each segment of like color of the divided raster image to a minimum size and converting the raster image to the PDL image.

Referring to claim 2, the prior art searched and of record neither anticipates nor suggests in the claimed combinations, increasing the size of each segment of like color to appear in the PDL image, by a small amount so that segments overlap and converting the raster image to the PDL image.

Referring to claim s 3-4, the prior art searched and of record neither anticipates nor suggests in the claimed combinations, increasing the size of each segment of like color to appear in the PDL image, by a small amount and sorting the segments according to color content.

Referring to claim 5, the prior art searched and of record neither anticipates nor suggests in the claimed combinations, identifying borders between adjoining image segments to appear in the PDL image, increasing the height of each segment by a small amount, if no adjoining image segments appear below the segment, and adding new image segments.

Referring to claims 6-7, the prior art searched and of record neither anticipates nor suggests in the claimed combinations, analyzing, sorting, vectoring and editing the vectored raster image content while converting said raster image to a PDL image,
